X-GL00 Event Equipment

X-GL00 inflatable event tents and seatings are distinguished by innovative high-tech construction and functionality according to the principle of „form follows function“. They are inflated with air and can be set up for events or presentations for weeks on end. The tent surfaces can be individually designed and a huge inner area attracts attention to your product and image.

Indoors and outdoors, on asphalt, stone, sand or snow, the X-GL00 presents your product or service aesthetically and with understated elegance. Shine the spotlight on your image with X-GL00.

X-Act quickly available

The X-Act is the quickly-available version of the X-GL00: The Matrix is available in black, white, blue, red, yellow or green. Side Walls are available in the same colors plus silver, with the option of single walls with velcro for banner attachment or alternatively as an economical set.

The big advantages of the X-Act Module: flexibility and quick delivery.

If you have room to play with regard to time, the X-Act can be individually designed by printing the Velcro- and Canopy Banners or the entire Side Wall with digital printing.

The X-Act can be combined with all other elements or tents.

"I just arrived back from the UK and want to thank you for delivering the igloo tents in plenty of time for the races. They look absolutely fantastic and I am impressed by the quality, construction and the ease of use."

David Pickworth, Hornee, UK

X-Pert 8x8 exclusive

The new X-GL00 Event Tent 8x8 – A perfect marketing tool reaches toward the sky.

At almost 8 meters wide by 5 meters high, this giant of a tent sets new benchmarks by providing expanded branding surfaces to meet the most individual branding wishes and an impressive interior area of 30 m² for big events!

The X-Pert 8x8 is the newest addition to the modular X-GL00 Tent System. Constructed aerodynamically with quick setup and easy transport, waterproof, UV-protection and fulfillment of the CPAI-84/B1 fire protection norms are guaranteed.

A successful product thanks to clever functionality and dramatic visual appearance with guaranteed attention-getting value!

"It is really a dream product"
Chiemsee Triathlon, Germany

X-Relax sit down and relax

The X-Relax seating is an inflatable stool in the attractive X-GL00 style, impressive in elegant design and clever functionality.

The core of the X-Relax is cylindrical tube, similar to the tube construction of the X-GL00. This construction provides the stool with enormous stability.

The ideal accessory for any event location: at only 2,5 Kilos, the round stool fits easily into the 10 cm transport bag.

Handling is simple, too: lay it out – inflate with air – done: The X-Relax is ready for use within a minute. Our seating is available in a wide variety of colors and can be designed individually.
