**FREELY PLACE YOUR
SANITIZER WHERE IT'S
NEEDED THE MOST**

Improved sanitation anywhere

Place the sanitizer where it will be used! The DesiStands makes any kind of dispenser, both automatic and mechanical, floorstanding. All brands such as Ecolab®, Purell®, Diversey® etc. fit perfectly. A DesiStand improves hygiene, increases accessibility to users.

Attaching the dispenser is easy

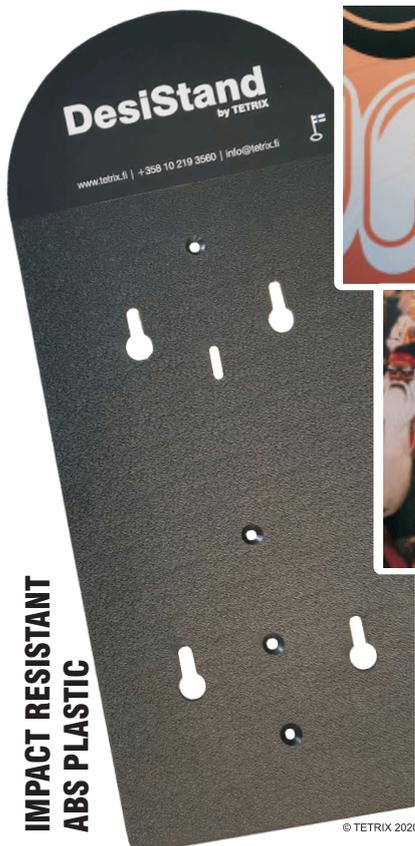

The backing plate is made from 4mm *impact resistant* ABS plastic of the highest quality. Attach the dispenser with tiny bolts, adhesive or/and VELCRO® hook & loop.

Screw, Adhesive, VELCRO, Bungee and even Magentic

Your dispenser will fit. There are ready made holes to fit most standard systems. Should you need differently positioned holes, it's easy to add them to the plate. Adhesive backed dispensers work just as well - of course. Desistand offers more, yet at a **better price**.

A single stripe of VELCRO® hook and loop will hold a full wine bottle in the DesiStand plate - even up-side-down. The VELCRO® plate is recommended e.g. if you want to relocate a dispenser that has been adhered to a wall - to be used on a DesiStand.
